FIRST LIGHT · SAMPLE

Blank insulin schedule

A paper copy of the plan your vet already gave you. The amount lines are empty on purpose.

Copy this from your vet's plan

Check the vial and the syringe show the same U number, every time.

Notes

I never give insulin amounts here. Yours comes from your vet's written plan.

I'm an owner, not a vet. This is not veterinary advice, so check anything medical with your own vet.
