Questions for the vet

What changed, what he ate, and the questions you want to ask before you are in the room.

Copy this from your vet's plan

Dog's name

Visit date

What changed since last time

Food he actually ate

Water and peeing

Walks that were different

Question

Question

Question

What the vet said, written in the room

I never give insulin amounts here. Yours comes from your vet's written plan.

I'm an owner, not a vet. This is not veterinary advice, so check anything medical with your own vet.
